

Vocational Activities Mentoring Manual

BECOMING A MENTOR

6/29/2021

A young person joins the program at the request of their family or pastor and in partnership with the Vocational Activities team. These families want their young person to grow in discipleship within biblical community. When you say yes to becoming a mentor, you're saying yes to helping that young person live out God's purpose for their life. You walk alongside them and their family in community. And that journey has a ripple effect of positive change.

A BRIGHTER FUTURE

A young person recognizes they are made in the image of God. Their unique gifts are celebrated. More students gain the confidence and inspiration to become leaders in their community.

Learning Mentorship

STRONGER COMMUNITY

Individuals of different ages, cultures and backgrounds build mutual understanding as they walk alongside each other. Churches, schools and families working together.

Celebrate unity in Christ.

SPIRITUAL GROWTH

Be renewed in your obedience to Christ. Grow closer to God as you experience ministry on a personal level.

Show Christ's love to children who need it most.

Witness for Jesus

Folder Contents:

1. Vocational Activities Mission Statement
2. Suggestions on how to build a relationship on trust and respect.
3. Ethics Manual for project environment.
4. Tool Safety Training.

To continue and expand our core commitment as a church, we want to renew, improve and enhance the church's facilities that are dedicated to children and families. When this project is complete, the church will have a safe area to reach out to the community and learn more about Jesus, as well as expanded space for adult and family connection. This is truly a multi-generational approach to our growing ministry.
